## ASCENSION DAY AT THE COUNCIL

### Rev. Prof. Wallis Officiates in Services on the Occasion.

### THE PENSION FUND.

**Interesting Address by Morrell Sayre, Secretary of System, Asking Endorsement of Council.**

Thursday, May 21, 1914.
morning Session.

St. James' Church, Richmond, Va.

The Episcopal Council of the Diocese of Virginia met at 10 o'clock a. m., on the above date. The session opened, as it was Ascension Day, with morning prayer read by the Rev. J. G. Downman, of All Saints' Church, Richmond and the Rev. Professor Wallis, of the Theological Seminary.

After Divine Service Bishop Gibson took the chair, and introduced Mr. Morrell Sayre, secretary of the Church Pension Fund, established by the Episcopal General Convention in 1913. He gave an interesting address on this system for pensioning the clergy of the church and asked first that the council endorse the action of the General Convention in establishing the Church Pension Fund, and second that the Council appoint a diocesan committee on this fund. The whole system is outlined in a pamphlet prepared for distribution among the clergy and laity.

The resolutions suggested by the Bishop in his address for the approval of the general purpose of the General Convention to place the Pension Fund on a sound basis, and to unify all the funds for clergy relief, and other relief funds, such as the Widows and Orphans' Fund. It was resolved to appoint a committee of five on the Diocesan Pension Fund, to co-operate with the General Pension Board.

After this Bishop Gibson asked Dr. Green to take the chair when the secretary read the minutes of the previous day. The next order of business was the report of standing committees. The first of these to report was that on social service by the Rev. W. R. Bowie, D. D., chairman. He called attention to the passing of the Byrd bill by the legislature of Virginia at its last session. This was endorsed by the social service commission. This prohibits the employment of children under fourteen years of age, and the employment of children under sixteen years of age for more than six days in the week, and more than ten hours of any one day or night, with some other provisions for guarding child life. This will become a law on June 10th next. The report calls attention to community service on the part of the clergy both in country and town, and to the value and duty of personal purity on the part of men and boys, also to the single standard of purity for men and women. The Boy's Scout Movement was also highly approved. A committee was appointed by the council to report on the subject of personal purity. The committee appointed are Messrs. J. S. Bryan, Robert Beverley, John M. Taylor, Eugene C. Massie, and W. W. Chamblin.

The chair then appointed the committee on the amendments to the general constitution of the church as follows. Revs. S. A. Wallis, and P. P. Phillips, Messers. Judge R. C. Scott and Judge J. K. M. Norton.

The Rev. P. P. Phillips then presented the report of the standing committee of the diocese.

The report of the Sunday school commission was presented by the Rev. J. P. Bibble. He reported good work done during the past years especially in the holding of Sunday school institutes. There was a poor response to the offerings appointed for religious education in the diocese. But friends have helped the commission generously by special contributions.

The report of the apportionment committee was presented by the Rev. E. L. Goodwin, D. D., and placed for inspection in the church.

The standing committees of he Diocese was next elected as follows: Revs. Berryman Green, D. D., P. P. Phillips, and J. J. Gravatt, D. D., and Messrs. Colonel Herbert, John R. Zimmerman and Gardner L. Boothe.

Other standing committees including the executive committee of the Diocesan Missionary Society, the Social Service Commission, and the Sunday School Commission. It was agreed that one hundred dollars be devoted to the work of the Sunday School Commission for the present council year. This was referred to the finance committee and will be granted.

Mr. Robert Beverley moved that the council recommend a church paper more earnestly to the communicants of the church in Virginia meaning thereby the Southern Churchman. Dr. Goodwin said he hoped there would be a more generous support to the Southern Churchman although it must be remembered that the Southern Churchman is a general and not a diocesan paper taking its position with the New York Churchman and the Living Church.

It was ascertained that the Rev. E. L. Goodwin, D. D., has been appointed editor of the Southern Churchman and the hearty good wishes of the Council were accorded to him.

The council then took a recess until half-past three o'clock.

Second Day—Afternoon Session.

The council resumed business at a quarter before four o'clock with Dr. Green in the chair.

Certain general reports were handed in and received the Rev. David H. Lewis gave the report of the Brotherhood of St. Paul and commended its work among boys to all rectors within the diocese.

The hour for the discussion of the provinical system within the general church now came and the secretary of the council was asked to state the meaning of this system. The provinces of the general church eight in number as now established by the last general convention but no diocese need enter into its proper province unless it desires to do so. The pupose of this system is to facilitate the growing legislation of the church by these eight divisions as it appears to general convention, and therefore to believe the great mass of legislation now overburdening general convention. Bishop Gibson, however regards this system as ignoring the great church unit of the diocese, and probably leading to really eight churches within the one general church. Judge Norton then summarized the general legislation on this subject and much discussion followed, closed by the passing of these resolutions proposed by the Rev. E. L. Goodwin, D. D.—(1) That the diocese of Virginia give its consent to be included in the Third Province (2) that the council do now proceeds to the election of deputies and (3) that the right of withdrawing at any time in the future without prejudice be reserved to the diocese. The council then adjourned to meet at 8:15 o'clock tonight in the interest of foreign missions.

**Collection Committee Anxious For All to Take Advantage of Few Days Remaining of Campaign.**

But nine days of the campaign for raising money for the new Alexandria Hospital remain, and those in charge of the movement would regret to see any lull in the good work. The fact that over thirty thousand five hundred dollars has been secured towards the new and modern edifice in so short a time has caused astonishment among some who were anxious concerning the result of launching such an appeal to the good people of Alexandria. The response has caused enthusiasm among all interested, and this earnestness, it is believed, will be in evidence until the amount needed shall have been raised.

The Gazette has daily since the campaign started printed articles, editorally and descriptive, of the conception and progress of the commendable work, and it would be difficult to add anything orginal to what has heretofore been said in one way or another. The fact, however, can be stated that over thirty thousand five hundred dollars of the fifty thousand dollars have been subscribed—considerably more than one-half the highwatar mark to which all are aiming.

It is hoped that during the next week or more the campaign will be in progress that all who have not so far taken a part in raising the necessary amount will come forward, and let the last week be the banner week of the campaign.

There is no person in the community who is not liable to need at some time the care and attention of a modern hospital, and there is hardly a person in the community who cannot in some way add his or her mite toward the great work.

### AMERICAN WOMAN SHOT.

**Found Dying in Compartment Upon Arrival of Train at Arezzo, Italy.**

Florence, Italy, May 22.—An American woman, Mrs. Mary A. Flavelle, of Chicago, was found in a dying condition in the compartment of a train when it arrived at Arezzo yesterday. The train was bound from Florence for Assisi.

The woman had been shot through the right temple and was removed to a hospital. In a pocket under her skirt a pocketbook was found with a letter of credit for $1,300 from a Chicago bank, which had been cashed in part. No handbags, ticket or letters were found, but a baggage label with the name "Mr. Flavelle," was picked up, and on the seat lay a visiting card bearing the name "Miss Blanche Marie Harcourt," with bloody fingerprints. The woman's handbag was found later alongside the track.

At the hospital the woman was sufficiently revived to answer a few questions. She had taken the train at Florence and was alone in the compartment. Her assailant was a young Italian, who entered the compartment and shot her and then robbed her. She said she was 60 years old and married. Efforts to extract the bullet were unsuccessful and last night Mrs. Flavelle lapsed into a state of coma.

According to the train hands, the woman occupied the compartment alone. In the next compartment was a man of about 30. He did not act suspiciously, but at Arezzo was observed to leave the train from the wrong side. He carried a valise and immediately took a cab.

It is supposed that the crime occurred in the tunnel which lies just outside of Arezzo. It was along the tracks at this point that the valise and a pair of woman's gloves, stained with blood, were found.

The police established that the woman's assailant returned from Arezzo on the next train for Florence.

### TACTICS OF I. W. W.

**Violence—Murder, if Necessary,—to Accomplish Ends.**

New York, May 22.—Vincent St. John, a pale, rather insignificant little man, calmly told members of the United States commission on industrial relations in session in the city hall yesterday how the hundred thousand or more members of the Industrial Workers of the World, of which he is the prime mover, are pledged to violence—murder if necessary—the destruction of goods and property, and violation of the law they deem necessary to gain their point.

"The point with us is to gain our end," said St. John. "It does not matter to us how we gain that end. If violence against human life is necessary, all right; the end justifies the means. If it means the ruin of property, all right. Again the end justifies the means.

"If it means the isolation of a factory, the ruining of raw or finished material inside the factory or outside, all right. Again it is a case of the end justifying the means.

"Do we believe in agreements between the members of the locals of the I. W. W. and owners of industries? No, we are against working agreements of any kind, for any length of time. That is where we differ from the trades unions. We are a step farther. It is our belief that the workman loses by making a contract as a member with the owner of a mill, factory, or other plant."

While St. John spoke, Joseph Ettor, accompanied by a young woman who wore neither hat nor coat, sat in the front row and nodded his head approvingly.

St. John went on to explain that if a local of the I. W. W. agrees today to work for a specified wage it has a perfect right to break that agreement tomorrow. If the local stands by its agreement it is thrown out of the I. W. W. as unfit to be affiliated with the organization.

**Child Burned to Death.**

Shuyler, Va., May 22.—Robert, the 2 year old son of Mr. and Mrs. C. E. Dudley, of this place, was burned to death at their home here, while the mother was about her housework. The little boy got a box of matches and struck one, which set fire to his clothes.

## FEDERALS SAID TO BE IN FLIGHT

### Fleeing Before Constitutionalists on Foot, on Horses and in Vehicles.

### RAILROAD IS BLOCKED.

**Over Five Hundred Americans Announce Their Intention of Remaining in Mexico at Present.**

Encantada, Coahuila, Mexico, May 22.—The fedral garrison of Saltillo, which evacuated that city last night, today is in full flight southward towards San Luis Potosi. On foot by train and on horses, thousands of civilians who fear to remain at Saltillo when it is captured by General Francisco Villa, are fleeing.

Constitutionalists officers say General Gultirrez, with a large force of constitutionalists, has blocked the railroad to the South, and that the retreating federals will find their progress toward San Luis Potosi stopped.

Villa's cavalry is preparing to follow the enemy and attack in the rear.

Five hundred and forty Americans have registered with Consul Canada at Vera Cruz a declaration of their intention to remain in Mexico. A list of the names will be forwarded to the State Department.

Washington, May 22.—Despite reported rebel successes at Saltillo, the fate of Vice Consul Silliman, of that city, remained today as deep a mystery as at any time since he was first stopped.

State Department officials maintained an air of optimism and believed that definite word would be received as soon as communication can be established.

Niagara Falls, Ontario, May 22.—A hurried midnight conference of the A. B. C. mediators, following reports from Washington that a representative of the Mexican rebels might soon arrive in Niagara Falls, and then absolute silence on their part opened up new possibilities in the Mexican mediation conferences today.

It was after 1 a. m., when Ambassadors Da Gama, Naon, and Suarez, all in evening dress, parted after the conference. Suarez went immediately to his room nad there refused to state what action might be taken should a constitutionalist representative appear. It has been generally accepted that at some time or other, in a manner not yet determined, the constitutionalists would be drawn into the conference. Otherwise, the pacification of all Mexico could not be accomplished.

**Girl Kiled by Train.**

Bluefield, W. Va., May 22.—Miss Clara Allen, a highly respected young woman of Shumate, a small station two miles west of Pearisburg, was killed yesterday evening shortly after 6 o'clock by train No. 17, which left Roanoke at 3:15.

Miss Allen was walking on the ends of the ties, and as the train was rounding a sharp curve it was impossible for Engineer Hallman, of the Roanoke division, to see her until he was too close to stop.

The proximity of the engine, when she realized her danger seems to have confused her so that she made no effort to get off the track.

The front part of her head from her nose up was completely torn away and death was instantaeonus.

Miss Allen's father was buried Sunday.

### BUYS VIRGINIA LANDS.

**Tracts to Become Part of Appalachian Forest Range.**

Washington, May 22.—The National Forestry Commission yesterday purchased for the government 5,170 acres of forest land in what is known as the Massanutten area in the Shenandoah Valley of Virginia at a price of $2.13 per acre, and 3,632 acres in the Potomac area, on the Shenandoah river, about the Virginia and West Virginia line in Hardy county, W. Va., and Shenandoah county, Va., at a cost of $3.91 per acre. These tracts along with other lands previopsly purchased in this section, are to become a part of the Appalichian forest range lands secured by the government for the protection of the Appalachian watershed.

The commission also purchased almost the entire Vanderbilt estate about Asheville and Biltmore, N. C., consisting of 86,700 acres of Pisgah forest for $5 an acre, or a total of $433,851.30. The Vanderbilts retain about 400 acres around Buck Spring Lodge, and about 11,000 acres surrounding the family home. The purpose of the commission is to turn Pisgah forest into a national game preserve, and means have already been adopted for co-operation between the State of North Carolina and the federal government to bring this about.

## STATE'S EXHIBIT AT SAN FRANCISCO

### T. S. Winston, of Board of Visitors, Favors Replica of Mount Vernon.

### WENT TO HOMESTEAD.

**He Believes State's Exhibit at Exposition Will Appeal to Visitors From All Nations.**

Richmond, Va., May 22—"I regard as peculiarly appropriate the projected reproduction of Mount Vernon as Virginia's exhibit at the Panama-Pacific Exposition," said T. S. Winston, a member of the board of visitors of Mount Vernon, yesterday. "Such an exhibit, in my opinion, will be far more distinctive than any industrial or commercial display that could be assembled and transported across the continent with the limited appropriation that the state has made for this purpose."

With the other members of the Mount Vernon board of visitors Mr. Winston visited Washington's home on Wednesday, and made an inspection of the homestead. It was the first official visit of the board since its appointment recently by Governor Stuart.

"I was particularly impressed with the stewardship of the women of the Mount Vernon Association who administer this patriotic charge," said Mr. Winston. "They have left nothing undone to reproduce faithfully at Mount Vernon the very atmosphere which one feels must have surrounded it when it was the home of Washington. They are continually adding to the store of relics and are acquiring articles of furniture and wearing apparel used by Washington as fast as they are offered for sale.

"It is nothing less than an inspiration to step foot in the halls which a century ago echoed to the footsteps of the Father of His Country. The furnishings are the same that Washington knew, and everywhere are personal relics intimately associated with his long public life.

"While I do not believe that it is possible to create another Mount Vernon or to transmit its hallowed atmosphere to the other side of the continent, I do believe that the faithful reproduction of the Washington homestead—already known to every American through picture and story—will be welcomed by the country at large as the most distinctive contribution Virginia could have made to a national exposition. To thousands of Americans who must live their lives away from Virginia, a visit to the replica of Mount Vernon at San Francisco will bring the same thrill of reverence and patriotism that we ourselves feel when we behold the shrine on the Potomac"

Mr. Winston expressed his deep gratitude to the patriotic women who have watched over Mount Vernon and preserved it for the nation. The work they have done, he said, could hardly have been accomplished through a different administraton by either the State of Virginia or the Federal government. There would have been lacking, he thought, the immediate personal interest which has bound the Mount Vernon Association to its great activity in a labor of love.

Two men were drowned and three narrowly escaped when a cofferdam used in building a bridge at South Norwalk, Conn., broke.

A movemnt to purcahse the site of the destroyed Ludlow tent colony and erect a monument to the dead women and children was started at strike headquarters at Trinidad, Col.

The Citizens' National bank through its officers will be glad to receive subscriptions from its patrons and friends to the Hospital fund, delivering the same to the committee daily.

# VISIT TO WASHINGTON

**Old Dominion Commandery of This City Participate in Ascension Day Services**

Old Dominion Commandery, Knights Templar, of this city, participated in Ascension Day services in Washington last night, and returned home at a late hour greatly pleased with their visit.

Five commanderies of Washington Knights Templar with the commandery from Alexandria, all in full uniform, pursued down Pennsylvania Avenue, through the Capitol grounds and out east Capitol street to the Metropolitan Baptist Church, Sixth and A streets, northeast, where their annual Ascension Day service was held.

The sermon, on "The Ascension of Jesus," was preached by the Rev. John Compto Ball, pastor of the Metropolitan Church. He spoke of the temptations of the world and of the battles to be fought in living a clean life and the necessity of man modeling his life after that of the Saviour. The church was crowded to the doors and beyond. Special anthems were sung selected to tell the story of the Crucifixion from the triumphal entry of Jesus into Jerusalem to His Ascension.

An impressive part of the service was the saying in unison, of the Apostle's Creed by the Knights Templar, standing with drawn and presented swords.

Following the service the Knights marched to the Masonic Temple and disbanded. Old Dominion Commandery, of Alexandria, joined with the local orders for the first time in this commemorative service.

Each commandery was headed by its commander and prelate, as follows: Right Eminent Grand Commander Sir Charles T. Linsdey Excellent Grand Prelate, Sir Paul R. Hickok.

Washington Commandery No. 1—Sir James T. Gibbs, commander; Rev. Sir Paul R. Hickok, prelate.

Columbia Commandery, No. 2—Sir Seaton W. Trunnel, commander; Sir James H. McIntosh, prelate.

Potomac Commandery, No. 3.—Sir Ernest C. Berger, commander; Rev. Sir Luther H. Waring, prelate.

De Molay Commandery, No. 4—Sir Warren W. Biggs, commander; Rev. Sir Wm. Hart Dexter, prelate.

Orient Commandery, No. 5—Sir Guy M. Neely, commander Sir Richard P. Evans, prelate.

### WILL MEET IN FAIRFAX.

**Women's Clubs Conclude Their Sessions in Blacksburg.**

Blacksburg, Va., May 22.—With the present officers holding over for another year and the unanimous choice of Farifax, Va., as the next place of meeting, the members of the Federation of Women's Clubs were able to devote nearly all of the last day of the convention to hearing reports from the clubs and committees. The invitation from Roanoke to hold a meeting of the council there in November was accepted, and it was decided by a rising vote that the affiliated clubs of Virginia send their president, Mrs. Caldwell, to Roanoke, to the next meeting of the national federation in Chicago.

Mrs. John Leadbeater, of Alexandria, lead the discussion of civics, under which head all clubs doing special work along that line reported, and Mrs. King, of Gasgow, presented the cause of a state industrial school for mountain children, stating that a grant of 150 acres of land had been made on conditon that sufficient money to finance the work had been raised.

A voluntary committee of five women from the counties near Glasgow was apopinted to further this move. Miss Helen Cummings of Alexandria, led the discussion by the cultural clubs, and steps were taken to establish a president's fund for the use of that officer.

After the adoption of resolutions of thanks to the local clubs and others the convention adjourned, and most of the delegates left for their homes. The board of directors met last night to attend to such business as did not come before the federation during the two days' session.

### GOVERNOR ACCEPTS GIFT.

**Federal Apropriation of $10,000 for Agricultural Extension Work in Virginia.**

Richmond, May 22. — Governor Stuart has made the formal acceptance demanded by law of the gift of $10,000, conveyed by the Federal government to the state under the Lever bill for agricultural extension work in Virginia. The Lever bill provides that every state in the Union is to receve this year from the Federal treasury, for use by state agricultural schools in farm extension work, the sum of $10,000. Under the terms of a bill recently enacted by the General Assembly, the Virginia Polytechnic Institute is to have immediate charge of the agricultural extension work in the State, and the Governor accordingly authorized the trustees of the institute to receive the money.

The Lever bill provides in addition, that each state in succeeding years is to receive from the Federal Treasury a sum equal to the appropriation made by the state for agricultural extension work. The bill makes it necessary for the legislature of each state, or the governor, in case the legislature is not in session, to make formal acceptance of the terms of the appropriation.

### NEWPORT NEWS INDIGNANT

**Incensed at Daniels Who Let Contract For New Ships to Other Yards.**

Newport News, Va., May 22.—The Newport News Shipbuilding and Dry Dock Co., a private shipbuilding yard at Newport News, Va., was the lowest bidder for the supply and transport ships which were authorized by the naval appropriation bill of 1913. Notwithstanding this fact the Secretary of the Navy on the 17th of February, 1914, awarded these ships to the navy yards at Boston and Philadelphia.

Four days before the award the secretary admitted to the House naval committee of congress that the construction of naval vessels at the navy yards cost about 30 per cent more than at the private yards.

The community of Newport News is seriously injured by this unwarranted action of the Secretary of the Navy, and is even more seriously injured by the threat of future injury, which is invoved in this vicious precedent. Already 1,000 men have lost employment at Newport News by reason of this unjust award, and 1,000 more will probably later lose employment on the same account.

The Secretary apparently can see no just cause of complaint on the part of the community of Newport News, or the people of the state on account of the policy which he has adopted. He entertains the belief that all the damage that Virginia suffers is offset by the advantages that Philadelphia and Boston enjoy.

### PAWNBROKER FINED.

**Appeals From $250 Fine Imposed by Justice Crutchfield.**

Richmond, Va., May 22.—For alleged failure to report to the police that he had bought a diamond ring from a negro for $8, Harry Siegel, a pawnbroker, whose establishment is on Sixth street between Broad and Marshall, will be given opportunity to explain to a jury in the Hustings Court why he should not pay a fine of $250.

According to the charges brought by the police, the pawnbroker bought the ring from a negro last month, the ring having been stolen from Dr. Uriah Harman, of 107 East Franklin street.

Detective Wiltshire reported after the arrest and confession of the negro, that efforts were made to recover the ring from Segel, but that Siegel protested that he knew nothing about it, though he said that he had bought a sapphire ring

The negro was then liberated, given a $10 bill and directed to get the ring from the pawnbroker. In a short time the negro returned with the ring and when Detective Wiltshire hurried to Siegel's shop he found that the pawnbroker, so he reported, had made the negro pay him a dollar extra.

In Justice Crutchfield's court the pawnbroker was fined $250. He refused to pay the fine, and appealed.

### BURLESON'S AID SOUGHT.

**Stuart Appeals For Distribution of Patronage to Strengthen R. Tate Irvine**

Richmond, Va., May 22.—Governor Stuart, in a strong and urgent letter made public yesterday recently made an appeal to Postmaster General Burleson for an intelligent and equitable distribution of patronage in the Ninth district at once in order to strengthen the arm of the Democratic candidate for Congress, R. Tate Irvine, in his approaching fight to wrest the district from the Republicans.

The Governor, as a solution of the patronage muddle in the district, declares that the only method of distributing the plums is by following the wishes of the Democratic patrons of the presidential postoffices. Without going into the details he gives his belief that the majority rule should be applied in the Ninth and calls upon Secretary Burleson for suggestions.

**New Plot in Ulster.**

London, May 22.—A mishap to a motorcycle dispatch rider revealed a new plot on the part of Ulstermen to set up a provisional government at once when the home rule bill passes next week.

Papers the messenger carried show that the Ulster volunteers, on receiving word from Belfast headquarters, were to seize certain populous centers, hold up the railroad, steamer, mail, telephone, and telegraph services, and generally impose rebel rule on the inhabitants.

The last remnants of historic Meiggs wharf, one of the few surviving landmarks of San Francisco's pioneer days, will be torn away and a new wharf built.

## SCENE IN THE HOUSE OF COMMONS.

The unseemly conduct of some representatives of the people in this democratic age often brings forth comment. A few days ago there was another of those common uproars in the German Reichstag, and yesterday the British House of Commons was forced to adjourn by reason of the fact that the opposition members made up their minds that if they could not carry out their ideas no business should be transacted.

During the progress of the thirty years' war in Europe, which was started by religious issues, we read of certain delegates at a conference who were unacceptable to the majority, being picked up and thrown from fourth story windows and instantly killed.

The scene yesterday in the House of Commons is calculated to bring the blush of shame to every Englishman who believes all things should be done decently and in order.

The persistent disorderliness of the opposition members, succeeded in forcing an adjournment, the motion for which had just been defeated by a vote of 286 to 176.

Immediately after the vote had been taken the unionists started the refrain, "Adjourn! Adjourn!" The uproar was long and loud. The speaker finally asked A. Bonar Law, the leader of the opposition, if he assented in the demonstration.

Amid shouts from his supporters of "Don't answer!" Mr. Law refused to reply. The speaker declared the sitting suspended, saying there was nothing else he could do, as Mr. Law declined to assit him in maintaining order.

Mr. Law's curt reply to the speaker was obviously disapproved by Arthur J. Balfour and some of the older unionists. Mr. Law retorted: "I do not presume, Mr. Speaker, to criticise what you consider your duty, but I know mine. It is not to answer such a question."

The scene in the house followed a series of bitter speeches by Law and other unionists, in which they denounced Asquith for refusing to acquaint the house with the terms of his amending bill to the Irish home rule bill.

## OPENING OF THE PANAMA CANAL.

This generation has lived to see the virtual opening of the Panama Canal, boats having passed during the last forty-eight hours from the Pacific to the Atlantic ocean through this great waterway. By this time next year flotillas will be passing daily through what the grandfathers of this present day deemed an impregnable barrier. The piercing of the backbone of the American continent was regarded by them as a dream in line with that of tunnelling the Atlantic ocean. The cut through Culebra, however, was made and the waters of the Atlantic and Pacific are now mingling.

It is difficult to add anything to what has during the past ten years been said concerning the importance of the Panama Canal. That it is the greatest engineering feat ever attempted by man is allowed, while its commercial importance will, it is believed, revolutionize the trade of the world.

The Gulf of Mexico will eventually become to America what the Mediterranean is today to Europe. The sphere of influence of the United States has spread to a surprising extent, and the mastery of this country over the Pacific is inevitable.

Cuba, the key to the Gulf of Mexico, is virtually subject to the United States, and with the great interoceanic waterway, the Hawaiian Islands and the Philippines under our flag, American commerce is brought directly into the orient.

The growth of the United States has been phenomenal from its birth, but in these latter days the strides of Uncle Sam are amazing.

Senator Elihu Root, of New York, yesterday spoke for a little less than five hours in advocacy of the repeal of the toll exemption clause of the Panama Canal law. Before Mr. Root began Democratic Leader Kern announced that he would demand a vote on the bill and all pending amendments at the conclusion of the speeches set for May 27, which will be Wednesday of next week.

The Progressive party is on the point of declaring in favor of the exemption of labor unions and farmers' organizations from prosecution under the Sherman anti-trust act, as demanded by the American Federation of Labor and by agricultural interests. Colonel Roosevelt will determine the attitude by a delegation of Progressive members of Congress to denounce the partial exemption provided in the pending Clayton anti-trust bill and indorse the unqualified exception proposed by the Federation of Labor.

Princess Ludwig, of Lawenstein-Wertheim, who had social engagements in Paris last evening, made part of the journey from London in a biplane piloted by Rowland Ding. The couple landed at Eastbourne, owing to thick channel fog, then flew to Calais by way of Dover, the cross-channel flight taking fifteen minutes. The princess completed her journey by train.

An officer and three seamen were killed on board the French torpedo-boat destroyer Renaudin yesterday during maneuvers off the Tunisian coast.

### DEATH NOTICE.

At the residence of her daughter, Mrs. Tillie Bayliss, 507 north Patrick street, on Thursday afternoon, May 21, 1914, at 3 o'clock, MRS. LAURA ALLEN, wife of W. E. Allen. Funeral Sunday afternoon at 3 o'clock from 507 north Patrick street. Relatives and friends of the family are respectfully invited to attend.

Through the pearly gates of heaven
Passed the one we loved so dear
But God thought best to take her from us,
Though she left our home so drear.

There was an angel band in heaven,
Which was not yet complete,
So God took our darling mother
To fill that vacant seat.
Gone, but not forgotten.
By her husband and children.

## NEWS OF THE DAY

The grand jury in the United States District Court for the Western District of Pennsylvania in Pittsburgh yesterday made a presentment, recommending the indictment of five well-known men, employes of the Carbon Steel Company, on a charge of conspiracy in connection with the steel furnished for the locks in the Panama Canal. It is alleged that the steel furnished was of such an inferior quality that the immense locks at the dams in the canal are liable to let go at any time, causing heavy loss of property and probably lives.

Adopting the recommendations of the committee on episcopacy, the general conference of the Methodist Episcopal Church South at Oklahoma City, Okla., has approved the retirement of Bishop Alpheus W. Wilson, of Baltimore, senior member of the college of bishops, because of advanced age.

An attempt by militant suffragettes to present a petition to King George at Buckingham palace in London yesterday failed, but not until a battle had been fought which for fierceness surpassed any previous militant demonstration. The crowd of onlookers suffered almost as much as the fighters as the people waited in the hot sun for two hours for an attack, which eventually came from a totally unexpected quarter.

That the President and Secretary of the State were "responsible" for the mediation of the A. B. C. countries was the surprisingly frank statement made by the Brazilian Ambassador at the dinner given for the mediators and delegates by the Dominion minister of agriculture at Clifton House, Niagara Falls, yesterday evening. There has been an impression, amounting almost to a conviction, that the mediation was initiated at the suggestion of the administration in Washington, rather than on the initiative of the A. B. C. nations, but this frank avowal by the Brazilian Ambassador came as a decided surprise, and to none quite so much as to the American delegates.

A special to the Seattle Post Intelligencer from South Bend, Wash., says the town of Lebam, a place of 1,000 population, near South Bend, is being destroyed by a forest fire. The last report received at South Bend was from the operator in the Northern Pacific Station, who said he was leaving because the depot was on fire. At that time the loss was estimated at $100,000.

### WM. J. MARTIN ELECTED.

**North Carolina Layman Chosen Moderator of Southern Presbyterian Assembly.**

Kansas City, Mo., May 22.—The Rev. J. S. Lyons, of Louisville, in the moderator's sermon before the Presbyterian General Assembly here yesterday, made a strong plea for higher vision. "He spoke from the text, "Where there is no vision the people perish." "If the church," he said, "is equal to the opportunity of today many who make malicious assaults upon it will find themselves breaking into the kingdom of Heaven."

"What is the vision today?" he asked. "As we turn to the world we see the same dark shadows which appeared in all the prophetic visions of the past. Moreover, we see the world growing more and more weary of its problem, with many hopeful evidences that it is coming to realize that the problem requires for its solution more than the elements of education and culture and moral influence. Philosophers, statesmen, scientific commissions and social-betterment enterprises are pathetically trying to unravel the mystery of human misery and sin, and everything from moral lectures and sanitary environment to folk dances is proposed as a cure."

The church, he declared, has long proclaimed that it has the remedy for all the ills of life, and the world is turning to the church "with a new willingness to know what the remedy is."

### DR. ALEXANDER CHOSEN.

**Elected by Acclamation as Moderator of the Presbyterian General Assembly.**

Chicago, May 22.The Rev. Maitland Alexander, pastor of the First Presbyterian Church of Pittsburgh, was chosen moderator of the one hundred and twenty-sixth General Assembly of the Presbyterian Church in the United States by acclamation yesterday.

The Rev. John Timothy Stone, of Chicago, retiring moderator, opened the one hundredth and twenty-sixth session with a gavel made from the pulpit of George Whitefield, one of the founders of Methodism, who died in Newburyport, Mass., in 1768.

It was presented to Dr. Stone last year at Atlanta when he was elected moderator.

The General Assembly is composed of 920 members, half ministers and half elders. Representation is upon the basis of the number of ministers. This gives a strong representation to the "Home Mission" fields, a State like Washington having several more representatives than the city of Philadelphia, although with fewer church members.

### LABOR FIGHTS CARLIN.

He Opposes Exemption of Unions From Anti-Trust Law.

Washington, May 22.—Union labor leaders in Washington—that is the legislative representatives of the American Federation of Labor are disgruntled at Representative Charles C. Carlin of Virginia, a member of the House judiciary committee, on account of his opposition to plans to amend the Clayton anti-monopoly bill so that labor unions and farmers' unions shall be "specifically exempted" from prosecution under the Sherman anti-trust laws.

Mr. Carlin believes that the "labor exemption' 'provision in the Clayton bill should stand as it was framed by the sub committee and approved by the president and attorney-general.

The labor forces declare that, should the section stand as now written, the courts will be compelled to define just how far labor unions can go in the prosecution of their strikes and walk-outs. They fear that, under the provision, the union leaders can be enjoined from picketing in a strike when such methods interfere with commerce.

The labor leaders are confident that, despite the opposition of Representative Carlin Representative Shirley, of Kentucky, and others, the Clayton anti-monopoly bill will be amended when it is reached in the house. The Clayton bill will be taken up when the House finishes with the Interstate trades commission bill.

*Hoosier "White Beauty"*

# Tomorrow, ONLY $1 puts this NEW HOOSIER in your home on the famous Hoosier Plan.

You may choose between the celebrated "White Beauty," whose picture is shown here, and one of the other Hoosiers, finished inside in oak.

The terms of the Hoosier Plan are these:

1. $1 puts the cabinet you choose in your home.
2. $1 weekly quickly pays for it.
3. The Low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is under direct supervision of the Hoosier Company.
6. Your money back if you are not *delighted* with your Hoosier.

Only those women who grasp this opportunity tomorrow can *be sure* of getting one of these cabinets on this liberal Hoosier Plan. You realize of course that these terms could not be offered except on a very limited number of cabinets. After this sale—

1. The "Hoosier Plan" terms will be withdrawn.
2. Our regular furniture terms will then prevail.

**THE IMMEDIATE CLOSING** *of this sale may be caused tomorrow by the number of women who enroll on this Hoosier Plan. If all the women who need Hoosiers should come tomorrow, our allotment would be taken before night and the sale would close. This has happened in many similar sales throughout the country. On the other hand, if women delay, the sale may last all week. This too has happened. Which now is best for you—to delay and take the chances of missing this opportunity or to come down tomorrow and find out about this cabinet so you can decide before it is too late?*

It cannot take you ten minutes to decide, once for all, whether you intend to purchase now or later—And you are deciding, remember, whether or not you will save miles of *unnecessary* steps *you now take.*

But unless you *at once* decide, you may decide *too late* to own this greatest of all Hoosier cabinets on this liberal *Hoosier Plan.* 700,000 women already have Hoosiers. Thousands are buying this New Hoosier every week. You should *without fail* grasp your opportunity and see this cabinet tomorrow.

## Did You Read This Yesterday?

We described these six conveniences that have made 700,000 women use the

## HOOSIER

1. The Housekeeper's Food Guide.
2. The Cook Book Holder.
3. The Metal 50-lb. Flour Bin.
4. The Wonderful Shaker Sifter.
5. The Metal Linen Drawer.
6. The Emergency Shelf.

There are forty special conveniences in the new Hoosier—many of them labeled. Note the following:

(7) The new bill file is a complete bookkeeping system for most households. Most women dislike bookkeeping, but this simple hook file for meat and grocery bills on the upper middle door shows exactly which bills have been paid and which have not. With it you can keep a complete, simple record of all your money transactions.

(8) The "Money tray" on the upper right door is divided into three compartments. One is labeled "change," one "milk tickets," one "miscellaneous." You can keep all your milk or bread checks here and the small change you need for daily bills. This will save you many trips for your pocketbook.

*Have you heard about the Experimental Room in the Hoosier factory where every Modern Kitchen Improvement is tested? Do you know that every one that passes the test is built into the Hoosier?*

(9) Eight crystal glass spice jars with air-tight screw lids are a part of the regular Hoosier equipment. Notice their wide mouths, especially made to admit a spoon. Four have patented sifter tops that are air-tight except when in use. Notice particularly that they are located at the very finger tips of your right hand.

(10) A new condiment cupboard, specially fitted in above the flour bin, holds twelve bottles of ketchup, vinegar, salad dressing, etc., which can be so placed that you need not move one to get the other.

**See Our Window**

(11) The table top of an improved sanitary metal slides out 16 inches beyond the base, so you can sit down at work. It locks automatically so you cannot drop it on your toes. There is not a corner anywhere that is not easy to keep clean. Most important of all, we guarantee this table will *never warp.*

(12) The big pocket for the lids and pans on the lower cupboard door is ready whenever you need it. You can get the pan or lid you need without stooping.

NOW DON'T WAIT TOO LONG. Remember, the chances are you need this new Hoosier in your kitchen. Its tested conveniences are a remarkable help in almost every kitchen. To decide fairly whether or not you do need it, you should examine it personally tomorrow. For tomorrow may be your last chance to have one of these New Hoosiers delivered on the Hoosier plan.
